SKILLS

JavaScript, Typescript, HTML, CSS, React, Next, Angular, Node.js, Rest API, Express, Koa, SQL, PostgreSQL, NoSQL, MongoDB, Mongoose, GraphQL, Git/GitHub, Tailwind, Material-UI, Bootstrap, Testing Library, WordPress, VBA

EXPERIENCE

Huddler, Remote 2022 - 2023
Front End Developer

- Collaborated with a cross-functional team to design, develop and deploy AGILE product projects.
- Conceptualized “Recommended” algorithm with tailored recommendations based on user interests.
- Crafted relational database models for six tables to enhance user experience.
- Utilized Next.js for server-side rendering and fetching of two pages.

Road Trips - Campgrounds, Barcelona, Spain 2022 - 2022
Full Stack Developer

- Refactored a full-stack open-source codebase in a team of two.
- Upgraded JavaScript to Typescript for improved code quality and reliability.
- Implemented tests with the Testing Library and Jest to eliminate 100% of defects.

WannaGo, Barcelona, Spain 2022 - 2022
Software Engineer

- Developed intuitive UI/UX, with a focus on responsive design and user-friendliness.
- Streamlined REST architecture for optimal back-end performance and scalability.
- Implemented Firebase & React Context API to provide authentication.

Adrian Steel, Adrian, MI, USA 2021 - 2021
Information Systems Intern

- Selected to be one of the 10 students in the Information Systems major to collaborate with an external company.
- Built a VBA tool to standardize smart descriptions of ~25,000 products, adding features that automated and saved time in company processes and avoided human errors.

Amazon, Hebron, KY, USA 2020 - 2020
Operations Financial Rotational Program (OFRP) Analyst Intern

- Developed a predictive model enabling Amazon Air to estimate and reduce deicing fluid costs.
- Created vendor templates adopted in 22 airports for request for proposals & work orders.
- Developed a tool to evaluate returned template data and identify areas for improvement.

TRANS90 Hermanos López S.L., Granollers, Barcelona, Spain 2010 – 2017
CEO & Owner

- Orchestrated transport of 1,680 tons/week by managing 2 employees.
- Interfaced with three clients and their customers (eg P&G, Reckitt Benckiser, Vidrala) to execute around 15 deliveries/week on time.
- Monitored finances by issuing monthly invoices and tracking income/payments.

EDUCATION

Codeworks, Barcelona, Spain 2022 - 2022
Intensive Computer Software Engineering Course (3.5% Entry Rate | 864 hours in three months)

University of Toledo, Toledo, OH, USA 2019 – 2021
Bachelor of Business Administration, AACSB Accredited College of Business Administration
Double Major in Information Systems & Finance (GPA 3.921/4.0)

Northern Virginia Community College, Alexandria, VA, USA 2017 – 2019
Associate of Science in Business Administration, Emphasis on Accounting & Economics (GPA: 4.0/4.0)
